# SLQ - HP8100 Workshops

Your computer was donated by State Library of Queensland (SLQ). It was supplied to SLQ in about 2009 and used until 2013. Once SLQ has written off the computers, The Edge wipes them [1];

and stores them on-site ready for CCC workshops.

You'll be supplied with a tower, a monitor, mouse and keyboard.

Lets get started with Workshop 01!
